Bob Kamm, Director
Space Coast Transportation Planning Organization
2725 Judge Fran Jamieson Way, Bldg B
Viera, FL 32940

Dear Mr. Kamm,

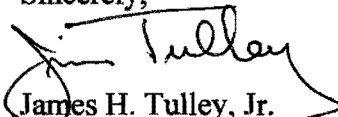

The intent of this letter is to voice the City of Titusville's strong support for the TIGER II Grant Application for the East Coast Regional Rail Trail. Our City views this project as a key component in our economic diversification to include ecotourism and downtown revitalization. This project will bring thousands of visitors to our historic downtown, to the Canaveral National Seashore, and to our numerous parks and fishing piers.

Our community has and continues to invest over \$1.5 million into our Downtown infrastructure to include more bicycle and pedestrian amenities. We believe this project will capitalize on these investments to create a downtown hub for visitors along the Trail.

We believe this project to be one of the tools we can use to offset the economic impact of the Space Program changes, and strongly believe it will not only positively our community, but the entire east central Florida region.

Thank you for your support in this project!

Sincerely,

James H. Tulley, Jr.
Mayor
